Project Share

The screenshot shows the Project Share website. At the top left is the logo "project Share™" with the tagline "Knowledge knows no boundaries". To the right of the logo are navigation links: "STANDARDS SEARCH", "RESOURCE INDEX", "NEWS", "ABOUT US", and "CONTACT US". In the top right corner, there is a "Join your learning community" section with a login form containing "USERNAME" and "PASSWORD" fields, a "Forgot your username or password? Re-activate account?" link, and a green arrow icon. The main content area is divided into two columns. The left column is titled "Find Resources" and contains the text "Find Resources by searching within Standards below." followed by a "Standards Search" section with two dropdown menus: "- Select subject -" and "- Select grade/course -". Below these are two buttons: "FIND STANDARDS" and "KEYWORD SEARCH". The right column is titled "FEATURED RESOURCE" and shows "1 OF 8" resources. It features a large image of a woman and a child looking at a laptop, with the text "MSTAR Training" overlaid. Below this is a smaller image of the "MSTAR" logo and the text "RESOURCE TITLE: MSTAR and End of Course..." and "ID: MSTAR001". A blue button labeled "VIEW RESOURCE" is at the bottom right of the featured resource section.

Education and training via the internet are growing rapidly. Accessibility from home or school makes Internet handouts a viable alternative to hardcopy handouts. The PDF format is accessible on both Windows and MAC platforms using [Adobe Reader](#), or the fast and simple open-source reader for Windows called [Sumatra](#).

Elementary Storytelling in iTunes

View all **21** digital stories from El Paso ISD teachers and students

View In iTunes

Elementary Storytelling illustrates how video and audio tools are used to tell a story - a digital story. Curriculum topics chosen by the teacher vary from class field trips to the reenactment of historical or current events.

Some digital stories include the entire class, while others use a smaller group of selected students. Video length is generally 2 to 10 minutes.

Login

The login form is titled "Epsilen Secure Account Login" in blue text. On the left side, there is a large, stylized image of a silver padlock. To the right of the title, there are two input fields: "Username:" and "Password:". Each field has a red asterisk and a blue question mark icon to its right. Below the password field, there is a checkbox with a checkmark inside, followed by the text "Remember me on this computer.". At the bottom of the form, there are two buttons: "Login" and "Reset". A large red arrow points upwards from the bottom of the slide towards the "Login" button.

Personalize Gadgets

The screenshot shows the 'My Portal' interface for the El Paso Independent School District. The header includes the district logo, the user's name 'Welcome Larry Nelson', a search bar, and a 'Log Out' link. The main content area is divided into a left navigation menu and a central workspace. The navigation menu lists various tools like 'My ePortfolio', 'Epsilen Mail', and 'Collaboration'. The central workspace features a 'Selected Gadgets' section with links to 'Things I Need To Know', 'Calendar', 'Epsilen News', and 'A+RISE'. A large red arrow points to the 'Personalize Gadgets' button in the top right corner of the workspace. The 'A+RISE' section includes a logo and text about research-based instructional strategies for ELLs. The 'Announcements' section on the right lists recent events like the 'Region 19 Technology Conference' and 'New STAAR™ Videos'.

About Me
As a native of El Paso, Texas, I attended several elementary schools in El Paso ISD graduating from Burges High School. College degrees include a B.S. Education in Secondary Education from the University of Texas at El Paso and a Master of Business Education from the University of Texas at El Paso.

My teaching career began in 1968 as a typist and continued for the next 30 years at the same time teaching from teaching typing and bookkeeping to teaching involving computerized accounting, computer programming using BASIC, COBOL, and FORTRAN.

After retiring from Texas public schools to teach business subjects at both private and public schools afterwards, I worked with the Alternative Center for Education (UTEP) as a Secondary Consultant.

Currently employed with the El Paso ISD, my focus is on helping teachers integrate technology into their teaching environment.

Teaching Interests
Computer programming, Software applications (Word, PowerPoint, Excel), Technology integration (EasyTech), Teacher web page creation using Weebly and Google Sites

Academic Interests
On-line instruction using webinars, Posting session handouts online

About Me

As a native of El Paso, Texas, I attended several elementary schools in El Paso ISD graduating from Burges High School. College degrees include a B.S. Education in Secondary Education from Texas Western College (UTEP), and a Master of Business Education from West Texas A&M (Canyon).

My teaching career began in 1968 as a Business Education teacher, and continued for the next 30 years at the same high school. Instruction evolved from teaching typing and bookkeeping into computer-assisted instruction involving computerized accounting, microcomputer applications, and computer programming using BASIC, COBOL, C++, and HTML.

After retiring from Texas public schools in 1998, I continued teaching business subjects at both private and public high schools. Shortly afterwards, I worked with the Alternative Certification Program in the College of Education (UTEP) as a Secondary Consultant.

Biography
My name is Cindy Donnelly, the principal at Roberts 2009. I am proud of the academic accomplishments ALL of our students towards college. We are proud that supports and promotes this belief.

I was born and raised in Marfa, Texas, a place that University of Texas at El Paso. (**GO MINERS!**) and Texas.

While in Midland, I had the honor of being a part of teacher. PEASE MAGNET had several computer la management degree at Sul Ross State University.

I served as an assistant principal at Mitzi Bond Elementary for four and a half years before literally jumping the tracks to the neighboring school as its' new principal.

Life as a principal has been a whirlwind adventure. I enjoy networking with other administrators that are on the same roller coaster! 😊

Show Title: ☒

About Me/Bio: ☒ Set this Welcome Note as My Bio ?

Content:

Default Font Size

As a native of El Paso, Texas, I attended several elementary schools in El Paso ISD graduating from Burges High School. College degrees include a B.S. Education in Secondary Education from Texas Western College (UTEP), and a Master of Business Education from West Texas A&M (Canyon).

My teaching career began in 1968 as a Business Education teacher, and continued for the next 30 years at the same high school. Instruction evolved from teaching typing and bookkeeping into computer-assisted instruction involving computerized accounting, microcomputer applications, and computer programming using BASIC, COBOL, C++, and HTML.

After retiring from Texas public schools in 1998, I continued teaching business subjects at both private and public high schools. Shortly afterwards, I worked with the Alternative Certification Program in the College of Education (UTEP) as a Secondary Consultant.

Currently employed with the El Paso ISD in Instructional Technology, my focus is on helping teachers integrate technology into their classroom teaching environment.

Edit Interests ?

ePortfolio Meter: 76% ?

Please use the following professional interest categories to add or refine your interests. It is very important to use the right keywords since this information will be used by Epsilen to connect you with other Epsilen community members. If you are not interested in one or more of the following categories or a category does not apply to your role, you do not need to fill them out. Note: Functionality may be limited by security settings.

Teaching Research Career Academic

Please list your teaching responsibilities / interests, each separated by a comma (e.g., *Technical Writing, American History, Advanced Psychology*). Your teaching interest keywords will be used by Epsilen to help connect you with your peers and to dynamically offer you learning objects matching your teaching responsibilities / interests.

Computer programming, Software applications (Word, PowerPoint, Excel), Technology integration (EasyTech), Teacher web page creation using Weebly and Google Sites

Collaboration

Today's education has become a highly engaging and interactive process. Students have a clear stake in their own progress, and fully engaged students have been shown to achieve higher results. Through Epsilen, all aspects of the learning process are designed to foster:

- **Persistence** – Through continuous faculty involvement, students know that their progress is continually tracked – and that they must demonstrate mastery of each element before moving on to the next.
- **Performance** – Gradebooks and online portfolios enable students and faculty to track their progress at every step – and to receive remedial education in any areas of weakness.
- **Presence** – The flexibility of online learning ensures that students can attend on their own schedules – without the risk of missing key coursework.
- **Participation** – Students are continually called upon to play an active role in group activities. This keeps them fully engaged, while providing the important element of peer evaluation.

Search Groups

The screenshot shows the 'My Portal' interface for the El Paso Independent School District. The top navigation bar includes a search field with the text 'Search for:', a dropdown menu set to 'In People', and a 'Search' button. Below this, the user is logged in as 'Welcome Larry Nelson' with a URL 'http://www.epsilen.com/lnelson5' and a 'Log Out' link. The left sidebar contains a navigation menu with items: 'My Portal', 'My ePortfolio', 'Epsilen Mail', 'Collaboration', 'Groups', 'My Networks', 'ShareIt', 'Calendar', 'Learning', 'Content Repository', and 'Utilities'. The 'Collaboration' section is expanded, showing 'Search Groups' and 'Create Group' buttons. A red arrow points to the 'Search Groups' button. Below this, the 'Keyword Search' section is visible, featuring a 'Search for:' input field, a 'Search' button, and a checkbox for 'Show Advanced Search'. A second red arrow points to the 'Search' button in this section.

Collaboration

Today's education has become a highly engaging and interactive process. Students have a clear stake in their own progress, and fully engaged students have been shown to achieve higher results. Through Epsilen, all aspects of the learning process are designed to foster:

- **Persistence** – Through continuous faculty involvement, students know that their progress is continually tracked – and that they must demonstrate mastery of each element before moving on to the next.
- **Performance** – Gradebooks and online portfolios enable students and faculty to track their progress at every step – and to receive remedial education in any areas of weakness.
- **Presence** – The flexibility of online learning ensures that students can attend on their own schedules – without the risk of missing key coursework.
- **Participation** – Students are continually called upon to play an active role in group activities. This keeps them fully engaged, while providing the important element of peer evaluation.

Log Out

The screenshot shows the 'My Portal' interface for the El Paso Independent School District. At the top, there is a search bar and a 'Log Out' link. A red arrow points to the 'Log Out' link. On the left, a blue navigation menu contains links such as 'My Portal', 'My ePortfolio', 'Epsilen Mail', 'Collaboration', 'Learning', 'Content Repository', 'Utilities', 'Help FAQ', and 'Disable Menu Tips'. Another red arrow points to this menu. The main content area is titled 'My Portal' and includes a welcome message for 'Larry Nelson'. It features a 'Selected Gadgets' section with links to 'Things I Need To Know', 'Calendar', 'Epsilen News', and 'A+RISE'. The 'A+RISE' section includes a logo and text about research-based instructional strategies for ELLs. On the right, there is an 'Announcements' section with three items: 'Region 19 Technology Conference', 'New STAAR™ Videos', and 'Student Assessment Webpages Updated'. A 'Personalize Gadgets' button is also visible.

Education and training via the internet are growing rapidly. Accessibility from home or school makes Internet handouts a viable alternative to hardcopy handouts. The PDF format is accessible on both Windows and MAC platforms using [Adobe Reader](#), or the fast and simple open-source reader for Windows called [Sumatra](#).

Elementary Storytelling in iTunes

View all **21** digital stories from El Paso ISD teachers and students

View In iTunes

Elementary Storytelling illustrates how video and audio tools are used to tell a story - a digital story. Curriculum topics chosen by the teacher vary from class field trips to the reenactment of historical or current events.

Some digital stories include the entire class, while others use a smaller group of selected students. Video length is generally 2 to 10 minutes.
