Education and training via the internet are growing rapidly. Accessibility from home or school makes Internet handouts a viable alternative to hardcopy handouts and tutorials.

**Webclass.org** provides:

- Workshop handouts available anytime, anywhere
- File format converter for Microsoft Office 2007

The compatibility pack for Microsoft Office 2000, Office XP, or Office 2003

## Using Online Databases

- Lesson plan calendar
- ASCII code table

## Working Online Discussion Lesson Plan

<b>Title:</b> Working Online Discussion	<b>Tool:</b> Computer	<b>Grade Range:</b> K-2
<b>Summary:</b> In this lesson teachers use the discussion points to introduce students to EasyTech as well as networks, usernames and passwords, acceptable use policies, and intellectual property.		

### Warm-up

- Ask the class to give examples of technology. Write them on the board and talk about what technology is and how it affects our lives.
- EasyTech teaches how to use technology. Circle the types of technology that EasyTech focuses on, such as computer hardware, peripherals (scanners, printers, digital cameras), and software.

## Franklin High School Library

Julie Prilliman, Librarian

Thursday - July 16, 2009

Margie Nelson, Librarian

<http://webclass.org/library>

Students will find the library easy to use with an extensive collection of books, magazines, research materials, videos, and online databases. The on-line catalog has multiple computer work stations for individual research. Library computers are reserved for school-related assignments.

Teachers will find the library desirable for individual and class instruction. Librarians are available for instruction and collaboration. The educational video section is extensive and continues to grow.
